CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits
an agreement between, or concerted practice by, firms, or a decision by an
association of firms, if it is between parties in a horizontal relationship and if
it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se*
prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain
management policy must provide measures for the combating of abuse of the
supply chain management system, and must enable the accounting officer,
among others, to:
- a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused
the supply chain management system of the municipality or municipal
entity or has committed any improper conduct in relation to such system;
and
 - c. cancel a contract awarded to a person if the person committed any corrupt
or fraudulent act during the bidding process or the execution of the
contract.
- 4 This MBD serves as a certificate of declaration that would be used by
institutions to
ensure that, when bids are considered, reasonable steps are taken to
prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid
Determination (MBD 9) must be completed and submitted with the bid: ¹
**Includes price quotations, advertised competitive bids, limited bids and
proposals.**

² Bid rigging (or collusive bidding) occurs when businesses, that would
otherwise be expected to compete, secretly conspire to raise prices or lower the

quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
