

## **MAYOR TO BUILD A HOUSE FOR A DESTITUTE FAMILY**

**PUDIAKGOPA:** The rampant and unending housing service delivery backlog has forced the Mayor and her EXCO members on the ground to inspect and resolve this issue.

The Mogalakwena Municipality Mayor Her Worship Cllr Andrina Matsemela has delivered to the promise she made during her visit to Pudiakgopa village when she came across a family in dire need of an RDP house.

Following a thorough assessment of Mahata's family, Mayor promised that in no time she and the local business people would build a house for the family and indeed the bricks were delivered a few days later.

Mayor Matsemela was accompanied by the MEC for Rural Development and Agriculture Basikopo Makamu, Waterberg District Municipality Members of the Mayoral Committee, councillors and officials who came to witness the official opening of Taolome reservoir and the 8 500 bricks donation from Midway Bricks.

Tears of joy were rolling down the cheeks of the blind old lady, Mahata when she was hearing the sound of the machine operator that was off loading bricks from the Midway Bricks truck.

She said that she was happy that God had sent a samaritan to build a house for them.

"I really thank the Mayor for the bricks delivered today, I am hopeful and confident that the almighty God will give her strength and wisdom so that she can start with the foundation of the house until the completion," she said.

"Delivery of these bricks today is just a testimony that we will build a house. I would like to thank Midway Bricks for the donation and we appeal to other local business people to get involved in a form of donating roofing and building material such as cements, window frames, door frames, corrugated iron and tiles as well as furniture," added Matsemela.

"I am confident that together with business people we can indeed do more and the house will be built by local contractors from foundation to the roof," said Mayor Matsemela.
