

## **MOBILE OFFICE UNITS TO EASE UNNECESSARY COSTS**

**REBONE:** The Minister of Home Affairs, Dr Aaron Motsoaledi's visit's goals today to Rebone Township were to evaluate service delivery, engage with important stakeholders and guarantee that citizens visiting service locations receive first-rate assistance when obtaining and applying for their enabling documents, which include passports, smart IDs, birth, marriage and death certificates.

In order to guarantee that services can be provided to individuals in their homes, the department will be increasing the number of its mobile offices.

Minister Motsoaledi has announced that twelve (12) mobile office units (trucks andb commercial trucks) with back up generators will be deployed on a daily basis to serve residents in isolated regions across municipality, especially in the remote rural areas.

The mobile units units are completely furnished to offer Home Affairs services to individuals residing in rural areas, considering the demographic dynamics of the region in compliance with the integrated sustainable rural development program nodal points and urban renewal programs at no travelling costs (Home Affairs on wheels), services on your doorstep..

The Home Affairs services has saved and will save members of the community travelling costs and other expenses they will incur in town.

The event was attended by MMCs from the district, Members of Executive Council, Mogalakwena Local Municipality Mayor, Lephalale Municipality Mayor, Speakers, Chief Whips, Traditional Leaders, other dignitaries and stakeholders from SASSA, COGHSTA, department of Health and IEC.
